

Addition of 3 or 4 single-digit numbers

Objective

Addition of 3 or 4 single digit numbers

Equipment

- Orienteering Control Markers
- Enrich School Orienteering Map
- Activity Sheet
- Clipboard (suggested)

Preparation

- Select and print Activity Sheets

Instructions

- Teacher to assign groups of 2 or 3 to their starting points.
- Pupils use the Enrich School Orienteering Map to locate their starting point and each of the control points indicated on their Activity Sheet.
- At each control point, pupils record either the 2nd, 3rd and 4th, or all four numbers from the control marker, as indicated on their Activity Sheet.
- They then add the three or four numbers together and record their answers on their Activity Sheet.

Other information

- Introduce the discussion point of addition being commutative – pupils could experiment with adding the same numbers in a different order to see if it affects the outcome.
