- Teachers may choose to make a selection of control points which are in a specific location of the school site e.g. around the edge of the school field.

## Instructions

- Children could do this activity in pairs.
- They look at the picture on their Activity Sheet and then run to find the control marker which has this picture.
- When they find the correct marker, they have to write the 4 letters from the marker into their Activity Sheet in alphabetical order.

## Other information

- This game could be played competitively, with children racing each other to visit the same set of markers and put the letters in alphabetical order.
