

coordinates

This activity is all about learning how to work with coordinates. Addressing key learning skills from the maths national curriculum.

You will have to work through the different coordinates and find the correct letters. Once you have found the correct letter complete the action / work out associated with these letters.

Top tip: the first number in the coordinates is on X axis (left to right) and the second number is on why access (up and down).

What you will need?

Enrich Education coordinates work sheet

How do I gain credits for this Children's University activity?

Simply take part in the activity and evidence your wonderful work. Make a note of the special 'Activity Stamp Code' at the bottom of this page and take it into school. If you have a Passport to Learning call the Activity '*Enrich Education Online*' and write down the activity code in the '*Stamp of Approval*' section.

Coordinates

- 1 - (-2, 1)
- 2 - (-5, -2)
