Flotilla Fitness

Flotilla Fitness is a variation on the retro game battleships, it is a great way to encourage children to use grid referencing in a fun and active session!

Like in the original game children will need to mark the 5 ships on their grid.

The ships are marked using their capital letters i.e. Aircraft carrier is AAAAA.

The ships letters must all be marked in boxes next to each other, either upwards or downwards and not diagonally.

Once both players have marked their ships they will take it in turns to call out different grid references on the sheet. If the grid reference called has a ship in it the player must say HIT and name the type of ship that has been hit and then perform the action associated to the ship i.e. Aircraft Carrier = 10 Star Jumps.

If the grid reference called has no ship in it they call out MISS and no action is taken.

The winner is the first person to sink their opponent's ships.
