

Halloween Pumpkin

This is a great activity to practice your craft skills. First print off the Halloween pumpkin work sheet, for best results use card if you have it. Start to colour in your pumpkin, use pencils, pens or paints. Once you have coloured both the pumpkin body and the leaves, carefully make small holes in the middle of the + shapes.

Push the pipe cleaner through each hole at the top of each strip. Push the pipe cleaner through each hole at the bottom of each strip and bend it round so the strips don't slip off.

Spread the strips out evenly and start to them down the pipe cleaner so the slips start to bend and they all start to make a rounded shape. Once it starts to look the shape of a pumpkin put the three leaves on top and tie the pipe cleaner to keep it in place.
