# Animal Hunt

This activity focuses on the science national curriculum. It is a fast paced activity that supports children in identifying and grouping a variety of common among animals into fish amphibians reptiles birds and mammals.

You will need to download the worksheet cut out the animals and place them at different areas throughout your house or throughout your garden.

You will need to find and collect the different animals and group them together correctly.

Make sure you time the activity and challenge yourself to improve every time you play.

to make it more active why not incorporate different animal movements when finding the specific animal i.e. walk like a Tiger, jump like a frog , hop like a rabbit.

## What you will need?

The enrich education animal worksheet

Scissors

## How do I gain credits for this Children's University activity?

Simply take part in the activity and evidence your wonderful work. Make a note of the special 'Activity Stamp Code' at the bottom of this page and take it into school. If you have a Passport to Learning call the Activity '*Enrich Education Online*' and write down the activity code in the '*Stamp of Approval*' section.
