

Guess the Latin Animal Names

- Latin was the main language of the Roman Empire.
- Look at the list of Latin animal names. Can you guess what each one is? Write your guess for each animal next to its Latin name.
- Now use your map to find each control point.
- Look at the picture of the animal on the control marker. Was your guess right?

Control Point	Name of the animal in Latin	Write your guess for the name of the animal.	Check your guess with the picture on the marker. (Tick if correct. If incorrect, write the correct name for the animal.)
11	Piscis
