

Science Vocabulary - Animal Classification

Objective

To give children familiarity with key vocabulary about animal classification.

Equipment

- Enrich School Orienteering Map
- Orienteering control markers
- Activity Sheets 1 and 2

Preparation

- Divide the class into pairs/small groups.
- Provide each pair/group with a copy of one of the Activity Sheets and an Enrich School Orienteering Map.
- Explain to children how to complete the Activity Sheet.
- Children could use a dictionary to help them complete this activity.

Instructions

- The Activity Sheets have links to several orienteering control points.
- Using their orienteering map, children visit each of the orienteering control points. They can be visited in any order.
- For each control point, there is a clue, linked to an 'animal classification' word, which has several missing letters.
- The missing letters are included in the series of letters on the control marker for that control point.
- Above each missing letter, there is a reference (1st, 2nd, 3rd, or 4th letter) which shows which letter from the control marker to use to fill in the missing letter.

Other information

- The completed words are as follows:

Activity Sheet 1:
Control 12 - carnivores
Control 7 – amphibians
Control 14 – invertebrate
Control 10 – herbivore
Control 4 – omnivores

Activity Sheet 2:
Control 11 – mammals
Control 1 – reptiles
Control 5 – insects
Control 14 – vertebrate
Control 4 - molluscs
