

# Where Am I? (School Site Quiz)

## Objective

- To help students orientate themselves around the school site and locate specific points
- To provide opportunities for students to get to know each other by taking part in fun, team building activities.

## Equipment

- Enrich Blank Interactive Control Markers
- Enrich Interactive Map
- Editable Activity Sheet

## Preparation

- Students could do this activity in pairs/small groups.
- Select up to 10 key points around the school site that you want students to be aware of and to be able to locate.
- Prepare an Enrich Interactive Map, identifying the location of each of the key points.
- Write a number on an Enrich Blank Interactive Marker for each point. Place a marker at the location of each of the points identified on the interactive map.
- Prepare the editable Activity Sheet by inserting the names of each of the selected key points.
- Provide each pair/group with a copy of the interactive map and the Activity Sheet.
- Explain to students how to complete the activity.

## Instructions

- Students use their prepared interactive map to locate the identified key points.
- When they have located one of the key points, they have to find the blank marker.
- They record the number that is written on marker on their Activity Sheet next to what they think is the correct name for the key point.
- When they have located and named all of the key points, they return to the starting point.

## Other information

- Suggestions for some potential key locations:
- School entrance, gym, assembly hall, boys' toilets, girls' toilets, dining hall, school office, library,
