

Alphabet Order (using letters)

Objective

Naming the letters of the alphabet in alphabetical order.

Equipment

- Activity Sheets
- Enrich school orienteering map
- Control Markers

Preparation

- Children could do this activity in pairs or in small groups.
- The activity involves children locating control points and then putting the four letters on each control marker into alphabetical order.
- Provide children with a copy of the school's orienteering map and one of the Activity Sheets.
- Explain to children how to complete the activity.

Instructions

- Children use their orienteering maps to locate a series of control points.
- At each one, they write the 4 letters from the control marker into their Activity Sheet in alphabetical order.

Other information

- This game could be played competitively, with children racing each other to visit the same set of markers and put the letters in alphabetical order.
