

Commonwealth Countries

Objective

A fun orienteering activity where children identify some of the Commonwealth countries using letters from the control markers.

Equipment

- Enrich School Orienteering Map
- Orienteering Markers
- Activity Sheet
- Clipboards (optional)

Preparation

- Children could do this activity in pairs or small groups.
- Provide each pair/group with an orienteering map and Activity Sheet.
- Children could visit the 15 orienteering markers in any order.

Instructions

- On the Activity Sheet, each of the 15 Enrich Education Orienteering Control Markers is linked to a Commonwealth country. The name of the country has several missing letters.
- Children locate the control points using their Enrich School Orienteering Map.
- When they locate a control point, the missing letters in the country's name are included in the letters on the control marker.
- The number above each missing letter shows which letter from the marker should be used (ie 1st, 2nd, 3rd or 4th letter).
- Children use the letters from the marker to complete the country's name on their Activity Sheet.
- They do this at each control point until they have completed the names of all 15 countries.

Other information

- As a follow-on activity, children could use an atlas to locate each of the 15 countries and find out more information about them.
- Countries included in the activity:

1. Singapore
2. Northern Ireland
3. Brunei
4. Samoa
5. England
6. Mauritius
7. India

8. Scotland
9. Nigeria
10. South Africa
11. Malaysia
12. Sierra Leone
13. Bangladesh
14. Australia
15. Mozambique
