## Maths Vocabulary Orienteering

| Control Marker |  |  |  |  |  | Answer |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 6 | Multiply the $3^{\text {rd }}$ number by the $4^{\text {th }}$ number. |  |  | $\begin{gathered} 3^{\text {rd }} \\ \text { Number } \end{gathered}$ | $\begin{gathered} 4^{\text {th }} \\ \text { Number } \end{gathered}$ |  |
| 10 | What is the $1^{\text {st }}$ number, minus the $2^{\text {nd }}$ number? |  |  | Number | $\begin{gathered} 2^{\text {nd }} \\ \text { Number } \\ \hline \end{gathered}$ |  |
| 11 | What is the sum of the $2^{\text {nd }}$ and $3^{\text {rd }}$ numbers? |  |  | $\begin{gathered} 2^{\text {nd }} \\ \text { Number } \end{gathered}$ | $\begin{gathered} 3^{\text {rd }} \\ \text { Number } \end{gathered}$ |  |
| 4 | What is the product of the $2^{\text {nd }}$ and $4^{\text {th }}$ numbers? |  |  | $\begin{gathered} \mathbf{2}^{\text {nd }} \\ \text { Number } \\ \hline \end{gathered}$ | $\begin{gathered} 4^{\text {th }} \\ \text { Number } \end{gathered}$ |  |
| 8 | Divide the $4^{\text {th }}$ number by the $1^{\text {st }}$ number. |  |  | $\begin{gathered} 1^{\text {st }} \\ \text { Number } \\ \hline \end{gathered}$ | $\begin{gathered} 4^{\text {th }} \\ \text { Number } \end{gathered}$ |  |
| 7 | Subtract the $3^{\text {rd }}$ number from the $4^{\text {th }}$ number. |  |  | $\begin{gathered} 3^{\text {rd }} \\ \text { Number } \\ \hline \end{gathered}$ | $\begin{gathered} 4^{\text {th }} \\ \text { Number } \end{gathered}$ |  |
| 5 | Take away the $2^{\text {nd }}$ number from the $3^{\text {rd }}$ number. |  |  | $\begin{gathered} 2^{\text {nd }} \\ \text { Number } \end{gathered}$ | $\begin{gathered} 3^{\text {rd }} \\ \text { Number } \end{gathered}$ |  |
| 3 | What is the difference between the $2^{\text {nd }}$ and $3^{\text {rd }}$ numbers? |  |  | $\begin{gathered} 2^{\text {nd }} \\ \text { Number } \end{gathered}$ | $\begin{gathered} 3^{\text {rd }} \\ \text { Number } \end{gathered}$ |  |
| 9 | Share the $1^{\text {st }}$ number between 3. |  |  |  | Number |  |
| 1 | Find the total of the four numbers. | $\begin{gathered} 1^{\text {st }} \\ \text { Number } \end{gathered}$ | $\begin{gathered} 2^{\text {nd }} \\ \text { Number } \end{gathered}$ | $\begin{gathered} 3^{\text {rd }} \\ \text { Number } \\ \hline \end{gathered}$ | $\begin{gathered} 4^{\text {th }} \\ \text { Number } \end{gathered}$ |  |
